

How to Use AirPlay With Reflector

AirPlay allows you to project your teacher iPad on the classroom projector. AirPlay will stay on until you turn it off, so you can keep using it.

To start using AirPlay

1. Connect your iPad to the Buckeye Valley Wi-Fi network.
2. Swipe up from the bottom of your screen to access the [Control Center](#).
3. Tap AirPlay.

4. Select your computer from the list. Example: (MS-107-1)
5. Slide the radial button to the right to turn on Mirroring
