

THE BARONS BUZZ

A WEEKLY DISTRICT COMMUNICATION

WEEK ONE - AUGUST 13, 2021

WELCOME BACK BARONS

It is that time of year - time to return to the classrooms for another year of learning. The faculty and staff are excited for the year ahead and are looking forward to welcoming our students and families back.

Beginning the first week of school, in an effort to consolidate our communication, the district has decided to send out one email each week to all student families in the district. Included in this weekly email will be specific district-wide information as well as a section that will be used to link to each of the buildings' individual weekly communications, a link to the Buckeye Valley Barons Athletic website, and a link to the district calendar. The links will allow families to review the information from each of the schools from one central location as well as provide an avenue to distribute district-wide information to the entire BV community. We hope you find this helpful and convenient as your "one-stop" place for information from Buckeye Valley.

Also, for up-to-the-minute information, be sure to follow the district on our social media channels.
